

Business Policy

Mitre Plastics shall operate in a manner that looks after the interests of key stakeholders in the business and the community in which it operates. The company's key aims are:-

- To prevent harm to its staff and the environment
- To comply with applicable legislation and HSE guides
- To provide products that meet customer specifications

The company maintains a documented Integrated Business Management System designed to fulfil the specific requirements of standards and applicable legislation. Regular audits are performed to ensure the company is complying with the requirements of the Management System.

The Business Policy is displayed in the company premises and published on the company website. It is signed by the company's senior management as a commitment to its aims, and is reviewed annually during the management review to ensure it remains relevant to the organisation.

Business objectives are set to assist the company in meeting its commitment to the key aims of the Business Policy. These objectives will be reviewed periodically for their effectiveness and relevance. The company deploys a continuous improvement philosophy with performance monitored to identify opportunities for improvement.

It is the responsibility of every employee to assist in the maintenance and improvement of the Business Management System
